\*Site-Specific recommendations to limit ornamental irrigation with Renovate & Sculpin granular treated water will typically last 2-14 days. Contact PLM for further information.

The chemicals used for Aquatic Nuisance Control are registered by the U.S. Environmental Protection Agency and the Michigan Department of Agriculture. The potential for damage to fish and other non-target organisms is minimal provided that the product is used as directed on the product label and the permit. To minimize the possible effects on health and the environment, the treated water is restricted for the above purposes.

# Got Muck?

PLM MD (Muck Digestion) Pellets are a combination of natural beneficial bacteria, enzymes, and vitamins that stimulate the biological activity at your lake or pond bottom. This stimulation allows the bacteria to feed on the organic sediment, therefore reducing the muck levels. PLM MD Pellets are easily applied by anyone once a month, when the water is above 55 degrees. Commercial applications are available for larger jobs.

PLM MD Pellets come in 10 and 40 pound buckets or a 50 pound bag.

Please contact our office to purchase or for additional information.

## 2011 TENTATIVE TREATMENT SCHEDULE

**Indian Lake** has been scheduled for the week of:

<i>Week of Treatment</i>	<i>Type of Treatment</i>	<i>Week of Treatment</i>	<i>Type of Treatment</i>
<i>May 9th</i>	<i>Weed &amp; Algae</i>	<i>August 15th</i>	<i>Weed &amp; Algae</i>
<i>June 13th</i>	<i>Weed &amp; Algae</i>		
<i>July 25th</i>	<i>Weed &amp; Algae</i>		

DEQ permitting restrictions, national holidays, and/or weather conditions may influence the timing of treatments throughout the 2011 season. PLM treats each lake according to a schedule or season plan, established with the cooperation of your lake association, lake board or residents on the lake. The treatment schedule is approximate. Please watch your shoreline for the posting of the 8.5x11 inch, yellow or green signs. The signs will indicate the date of the treatment, the products used, and any restrictions on the use of treated water for swimming, watering lawns, etc.
